

CURRICULUM COUNCIL AGENDA

November 16, 2015

Members Present: Wanda Miller, Cathy Collins, Harmony Brenneman, TJ Winkler, Allison Van Gorder, Jill Ackerman, Jackie Blosser, Sally Windle, Stacy Barker, Joel Steinmetz, Brian Wischmeyer, Lee Stockhaus, Peter Badertscher purple not in attendance

Review/Approve minutes Brian moved and seconded by Jackie B. approved without dissent

Old Business-

Distress Committee - Jill - nothing new to report

New Business -

Career Choices - Liz Smith and Julie Stewart

Career Choices Curriculum for sixth graders at North during class meetings on Fridays. Plan is to be done once a week. (See attached Handouts)

They will have to purchase enough materials for each student to use, work within confines of Negotiated Agreement. The curriculum is **Not approved**, yet, so don't purchase anything until meeting again in December with Curriculum Council where more questions will need to be answered.

High School on-line summer school through Schoology and other things? -

Alison V.

1. Online summer school - two different summer schools...traditional and for only LCS students an online school through Schoology. Lab coordinator to run lab during time set. All CORE curriculums to be included.
2. Add course...Achievement Biology. Most other subjects at grades 9-10 has an Achievement version of the class. Same standards and content but taken to a deeper level and more in-depth labs.

Jill moved and Jackie seconded to approve additional course...Achievement Biology. Approved without dissent.

3. Health and PE...PE options are causing large decrease in PE classes numbers.
Physical Fitness and Wellness - bringing back course from Sm. School choice in past
Completion of gym, no freshman, written recommendation of coach,
Advanced Physical Fitness and Wellness - completion of course 1,
Attach program descriptions here.

Jill moved and Sally seconded to approve the two additional PE classes. Approved without dissent.

Committee Updates

Math - adding to bottom of Math Solutions walkthrough template a list of district provided resources that can be checked

Technology – Technology subcommittee meeting Nov. 16. Learning.com license not being renewed. Schoology usage at 5-12 seems to be working.

ELA – Sylvan report of growth from last year shared. READ 180 Gains analysis from 2014-2015 shared. Multi-year Program analysis of READ 180 shared. Walk-through templates shared. ConnectED training Tuesday Nov. 16. (Handouts attached separately).

Social Studies – I am working on getting supplemental materials in the hands of the teachers, especially K-8. I am starting with tested years to help out since our textbooks do not align with every part of the model curriculum and some teachers are struggling with finding resources.

Career Tech – Sophomore Expo Tuesday to recruit for next year, MAKERFEST Friday----CTE juniors/seniors are attending/competing. Sophomore HANDS-ON DAY is scheduled for December 1.

Special Ed. – Nothing new to share

Science – Nothing new to share

Arts – Need to check on PE compliance issues testing freshman and effect on District Report Card. Subcommittee reviewing curriculum guides from other districts.

Meeting was adjourned at 3:15 P.M.

CAREER CHOICES CURRICULUM

NORTH MIDDLE SCHOOL PROPOSAL FOR CURRICULUM COUNCIL

- Career Choices curriculum would supplement what is available in the Ohio Means Jobs Backpack for students.
- The curriculum will allow us to complete student success plans required for all at-risk 6th grade students in our building.
- Career Choices will specifically help with the requirement for students to begin their Career Pathway Goals – considering how their interests may influence their long-term goals.
- The Ohio Means Jobs Backpack is just one tool, and with Career Choices, students can explore career and lifestyle goals with greater depth and meaning.
- We would propose to use this with all of our 6th grade students during our classroom meeting time once a week.
- By the end of the course, all of our students would then have a Student Success plan and not just those that required one.
- The curriculum was written at a 6th grade level and creative lessons designed to engage students in career exploration and thinking towards their future.
- We would like to purchase 30 student textbooks, 30 workbooks, access to the online teacher materials and the My10yearplan.com account.
- The proposed cost is quoted on page 3.

Student Success Plan Outline for Grades 6-12

Grade 6

Tools and Assessments	Student Activities	School Activities	Resources
<p>Learning Style Survey*</p> <p>Career Cluster Inventory</p>	<p>Set up an OhioMeansJobs K-12 account by the end of sixth grade (or through another online tool offered by your school)</p> <p>Complete a learning style survey</p> <p>Complete the Career Cluster Inventory or career interest survey</p> <p>Document your reflection of career exploration activities completed (i.e., field trips, career speakers, job shadows)</p> <p>Explore electives available in seventh grade and identify options to explore interests</p> <p>Begin your Career Pathway Goals – considering how your interests may influence your long-term goals.</p>	<p>Provide students with access to purposeful career exploration activities;</p> <p>Field trips to area businesses that represent in-demand career fields</p> <p>Career speakers and presentations by area professionals</p> <p>Career mentorships and school partnerships with business and industry</p> <p>Advise students as to their learning style survey and career interests results – help them make linkages between their learning and future career options</p> <p>Advise students on choosing electives that will support them with exploring their interests</p> <p>Include embedded Career Connections Learning Strategies across all content area courses for students to continue exploring and planning (i.e., Mathematics: students take on the role of small business owners to solve logistic-related problems by applying related knowledge such as volume, mass and surface area)</p>	<p>OhioMeansJobs K-12</p> <p>Middle grades course offerings</p>
