Discussion around student work:

*When student work is available, analyze the student thinking. When planning, anticipate questions and misconceptions.*

The BLT looked at Grade Level Exemplars(DLT Activity)-with partners/determined what grade level each were.

Pre-K-12 samples were viewed by BLT members. Some were surprised by the exemplars/levels. Determined that work that will need to be done to increase rigor/provide exemplars of writing from ODE website.

The point was also made by a BLT member that perhaps we should do this as a staff to show the need for writing/rigor.

**Assessment:**

Assessment Inventory results(from TBT's)-share in drive or email to coaches to upload to folder.
